

## THE SMITHSONIAN IS COMING IN SEPTEMBER!

*The Way We Worked* is brought to Washington County by Utah Humanities. This Smithsonian Institution traveling exhibition will be hosted by the **Silver Reef Museum** in Leeds, UT from **September 16 to November 4, 2017**.

### WASHINGTON COUNTY WORKS!

Join the Silver Reef Museum and its community partners to explore the unique history of work and workplaces in Washington County, Utah. As part of the Smithsonian Institution's traveling exhibition *The Way We Worked*, we are celebrating 150 years of work through exhibits, lectures, and other activities! This collaborative programming – called Washington County Works! – brings together our unique and varied museums with local historians and experts to gather pieces of the story to help illuminate how work has defined and influenced life in our greater community.

### Special Visual Exhibits All Year Long!

Throughout 2017, we have been gearing up to welcome the Smithsonian to Washington County with monthly exhibits at the Arts to Zion Showcase/Gallery 35 in St George's Downtown Historic District. For its Fall Show, the Dixie Watercolor Society is honoring "Washington County Works!" theme in October 2017. New exhibits run from the first Friday of the month, with public receptions held during Georgefest/First Friday.

### Washington County Museums Feature Collaborating Companion Exhibits!

Please visit these wonderful museums and libraries in Washington County and their new exhibits showcasing the many ways Washington County Works! See listing at right: **Arts to Zion/Gallery 35, DSU Sears Art Museum, Pioneer Museum, St George Art Museum, St George Children's Museum, St George Dinosaur Discovery Site, St George Public Library, Santa Clara History Museum, The Pocketville Project, and the Zion Human History Museum.**

### Lectures, Discussions, and Community Activities Deepen the Story!

Join us in these beautiful historic venues – **Electric Theater, Dixie Academy, Pioneer Courthouse & Museum, Eccles Center, Leeds Town Hall** – to learn more about the way Washington County Works! Experts will cover wide-ranging work topics from mining and paleontology to Paiutes and pioneers, from artists and agriculture to water and national parks. **Don't miss this exciting full program starting in August 2017!**
