Ghost Nights

Come celebrate Halloween with a trip back in time to meet the ghosts of some long-gone citizens of a 19th Century mining town. These folks came from all over the world and made Silver Reef a booming settlement that, for a while, was the largest and most exciting town in Southern Utah.

Join us if you want a bit of ghostly fun mixed with real history. You will laugh, learn and maybe even shiver as you listen to tales about life in the Old West!
